24-D choline Listed Species 2 12 14 MR.docx

....

Here's the draft in memo form. Please look over before we send. As per instructed the document is drafted as a memo from ERB1 EFED to the Herbicide Branch PRD Once you OK it I will rename it per file convention and send to rtracking team....

**Subject:** RE: 2,4-D ESA stuff

7505P is the mailcode for RD

7507P is EFED's mailcode

The PC Code is 051505

Herbicide Branch

Correction on Kay's title. It should be "Risk Manager."

Hi Ed,

For the ESA addendum, please address it to:

Kay Montague (Risk Manager Reviewer)

Dan Kenny (Branch Chief)

The memo should be from you, me, Faruque, and Sujatha.

The sub-bean is D418022.

The two-generation rat reproduction study MRID is: 00150557.

What else can I do to help?

Thanks!

Meghan
